ALEXANDRIA, VIRGINIA. THURSDAY, SEPTEMBER 4, 1913.

PRICE, 2 CENTS

WILL CELEBRATE CENTURY OF PEACE

Committee to Organize in
Richmond Tonight to
Make Plans.

DECEMBER MEETING.

Representative Men of Nation Will
Gather at State Capital to Aid in
The Movement.

Richmond, Sept. 4.—The movement for the celebration of the century of peace that has obtained between English speaking peoples will receive its first local impetus tonight at the Jefferson Hotel, where more than 200 members of a peace committee, appointed last week by Mayor Ainslie, will gather to perfect an organization. The meeting will take place at 8:15 o'clock.

In effecting an organization to take care of the local end of the international celebration, Richmond joins a long list of prominent cities in this country, Canada and England that have taken similar action. A national committee for America with Theodore Roosevelt as honorary chairman, is in charge of the celebration for the United States, and will in a series of conferences to be held shortly, outline plans for local celebrations to be held throughout the country.

At the meeting tonight the committee first addressed itself to the task of effecting a permanent organization. This accomplished, the meeting will discuss informally plans for a Richmond celebration of the big centennial, deferring the more informal discussion of the project until after the meeting of the American Committee in Richmond next December.

It was announced yesterday for the first time that the American Committee has fixed December 3 and 4 for the meeting in Richmond. This will take place in the Jefferson Hotel, and will bring to this city a distinguished gathering of public men. The meeting will be attended by about 200 delegates.

Andrew Carnegie is chairman of the national committee having the country-wide celebration in charge. Only indirectly is the celebration allied to the great movement for universal peace which numbers among its votaries men of such diverse interests as Henry Watterson, Andrew Carnegie and the Czar of the Russians. The observance of the hundredth birthday of the Treaty of Ghent will bring the peace idea prominently in the foreground, and in this way add to the forces making for universal peace.

EX-CONGRESSMAN SHOOT.

Arrested for Inebriety, Severely
Wounds Deputy Sheriff.

Boise, Idaho, Sept. 4.—Former Congressman Edgar Wilson, after being arrested yesterday on a charge of inebriety, whipped out a revolver and shot Deputy Sheriff Henry Champin. The bullet took two of Champin's fingers and then struck him in the head, plowing a furrow along his scalp. His hand deflected the bullet just enough to prevent a mortal wound.

The shooting occurred in the sheriff's office after Wilson had been taken there from his home by Champin and another deputy. Those who witnessed the affair are convinced that Wilson intended to commit suicide.

Wilson represented Idaho at Washington from 1896 to 1898. He was associate counsel for the defense in the trials of Haywood, Moyer and Pettibone in 1907, following the assassination of former Governor Stuenkel, of Idaho.

NOTICE AMERICAN INDIAN GUARDS.

Both military and musical departments will meet promptly at 7:45 o'clock, Friday evening, the 5th, in Armory Hall. Every guard's presence earnestly desired.

NEWS OF THE DAY.

Thomas Yates, 50 years old a cook, was burned to death, and 48 firemen and one spectator were overcome by smoke or injured in a fire which destroyed the Central Hotel at 440 South State street, Chicago, yesterday, and an adjoining building. The fire started shortly after 11 o'clock Tuesday morning and burned until 5 o'clock yesterday morning, eighteen hours before the fire department succeeded in extinguishing the flames.

The voters from all sections of N. Y. City crowded City Hall Park yesterday afternoon and asked Mayor Gaynor to become an independent candidate for reelection. The mayor gave his consent.

A dispatch from Coaticook, Quebec, says Harry Kendall Thaw, tried out of the Sherbrooke jail on a writ of habeas corpus obtained by a coup of William Travers Jerome, enjoyed three minutes of liberty yesterday afternoon and was then seized by the Dominion immigration authorities and hustled by automobile to Coaticook, where last night he paced the floor of the immigration detention room over the Grand Trunk Railway station. Today a special board of inquiry will sit in the case and by night he may be thrust across the Vermont border as an undesirable alien. The belief is current that before many hours Thaw will be back in Matteawan asylum for the criminal insane, from which he escaped Sunday, August 17.

Mrs. Lillian Grayboch, a pretty 19 year-old bride, who lives at 1249 9th street southwest, Washington, yesterday swallowed half an ounce of carbolic acid. When taken to the Casualty Hospital in an ambulance she fought the physicians and cried: "I do not want to live; I want to die." Physicians at the hospital worked over Mrs. Grayboch two hours before they finally pronounced her out of danger. The police say she was separated from her husband.

What is believed to be a world's record for women passenger carrying in an aeroplane was established by Ruth Law, sister of Aeronaut Rodman Law, from the aviation field at Garden City, N. Y., yesterday. Miss Law made a ten minute flight in a bi-plane carrying Miss Pearl McGrath and Mrs. Richard P. Sinclair, the former seated on the lower wing of the machine. Mrs. Sinclair was formerly Miss Helen Marts, of Baltimore. A maximum altitude of about 800 feet was reached.

Obsessed with a desire to "prevent waste" due physicians say, a diseased mind, John Stephens, aged 19, son of an Albany merchant, on Tuesday night robbed the grave of Mrs. Pauline Blum, who was buried Tuesday. Young Stephens confessed last night. A woman about the cemetery discovered the desecrated grave today. The body lay in one end covered with earth. One finger, together with a ring and earrings, were missing, as was the inner coffin. A maid in the Stephens home tonight found the coffin in the cellar. She notified the family physician who secured young Stephens' story. He was out riding on a bicycle Sunday and passed the cemetery during the burial service. He thought, he said, that it was a waste to allow the woman's jewels and the coffin to remain in the grave, and so he conceived the idea of returning after them. Tuesday night he went to the grave dug to the outer receptacle, removed the body and carried the coffin and jewels home.

Mr. and Mrs. H. J. Harjes made a hurried trip from Paris to New York, so that their son, born in the latter place Tuesday night might be beyond any shadow of doubt an American citizen. They arrived with just six hours to spare. Mr. Harjes is a member of the banking firm of Morgan, Harjes and Co., the Paris associates of J. P. Morgan and Co. Although born in France he is now an American citizen. His wife was Miss Fredricka Berwind, of Philadelphia. They came to New York when their first boy was born two years ago.

The navy department late yesterday afternoon sent out by wireless from the Arlington radio station a warning to all vessels on the North Atlantic coast to make speedy preparations for a very severe storm. This storm at noon yesterday was off the Carolina coast and making north at a high rate of speed.

WATERSPOUT IN BAY.

Houses Unroofed at Various Places
on Both Sides of the Chesapeake—
Heavy Rainfall.

Newport News, Va., Sept. 4.—Three petty officers and five men of the battleship Nebraska were rescued yesterday when one of the ship's launches was wrecked in the hurricane sweeping the coast here.

The Nebraska is at anchor off Fort Monroe but the shore wireless had been put out of commission by the storm and communication by small boats was impossible.

The hurricane which had been blowing since early morning, was accompanied by almost blinding downpours of rain, but the battleships seemed to be riding it out well despite tugging on their anchors.

The report that the steamer Mobjack had been swallowed up by the hurricane in the bay was officially denied by Edward E. Palen, assistant general manager of the Old Dominion Steamship Company, at Norfolk.

Alarmed by the appearance of what seemed to be a mighty cloud, sweeping across Chesapeake Bay from Willoughby Beach to Newport News, and passing close to Old Point Comfort, residents of Willoughby Beach reported that the phenomenon was a waterspout. It started about a mile above the Willoughby Beach Hotel and about half a mile from shore. Reports had it that the spout was almost two miles high and that it moved towards the Rip Raps, where it almost entirely disappeared and then came up again and continued towards Newport News or Hampton, breaking in front of the fort at Old Point.

The wind unroofed three houses in the fort at Old Point Comfort and tore several trees up by roots. It also did considerable damage to houses in Hampton, where trees were also laid low.

The storm was very severe at Ocean View. Several small cottages were unroofed during the blow.

The rainfall in Norfolk was 1.72 inches. The streets were flooded in many parts of the city. City Hall avenue, Plume, Bank and Cove streets were flooded as they had not been in many years. The rain fell in torrents and at times it seemed that the clouds had burst.

In some parts of Ghent and particularly near the Duke street bridge the water was so deep at the intersection of some of the streets that crossing by pedestrians was impossible. This condition furnished fun for the kids, though, and many of them, ranging in age, from 4 to 11 years, were out in bathing suits paddling around in the young rivers and lakes.

Cape Charles, Va., Sept. 4.—A cyclone which swept across this county at 1 o'clock yesterday, coming from the ocean, struck the mainland near Oyster, Va., and left its trail across the entire county, passing into the bay at Cherrystone. The track of the cyclone narrowed at times to 25 feet. At other times it was 600 feet wide. Considerable damage was caused by the storm.

Raleigh, N. C., Sept. 4.—Costal storms that killed three colored women in Perquimans and Hertford, by blowing down their houses, and flattened the handiwork crops of a decade, swept North Carolina yesterday from the direction of Hatteras and damage last night is estimated in the millions.

The track of the wind and terrific rains was through Northeastern North Carolina and struck the finest cotton and corn areas of the state. At the state department no definite estimate could be made, but it is believed that the million bushels of corn and 50,000 bales of cotton have been scattered today by the winds. Many falling barns are reported, with loss of hundreds of animals.

In Raleigh more than half the telephones are not in use, and the falling trees stopped telegraphic communication.

W. C. T. U. CONVENES.

Preparations to Attend Annual Convention.

The bi-county convention of the Women's Christian Temperance Union, with delegates from this city, Alexandria and Fairfax counties attending, convened at 11 o'clock this morning at the Methodist Protestant Church. The meeting was presided over by Mrs. Amy C. Weech, president. Reports were received from the various officers showing the work accomplished during the year. Addresses were also made by Rev. C. R. Strausburg, pastor of the M. P. Church, and Rev. Dr. W. F. Watson, pastor of the First Baptist Church. The convention will be brought to a close with the election of officers.

Arrangements also are being made by the members of the local organization for attending the annual State convention of that organization, which will be held in Luray, Va., beginning September 29. Alexandria City will be represented at that convention by five delegates, which will be chosen later.

LIEUT LOVE IS KILLED.

San Diego, Sept. 4.—First Lieut. Moss L. Love, Signal Corps, U. S. A., was instantly killed today when his aeroplane plunged 300 feet to the ground at the army aviation school near here. Shortly before the accident he began to descend from an altitude of approximately 2,000 feet. When 300 feet from the ground watchers say they saw a puff of smoke on the machine and it dropped like a shot.

CHEESE INVADERS A SCHOOL.

Limburger in Many Places Makes
Two Rooms Untenable.

Chicago, Sept. 4.—Two big rooms in the Wendell Phillips High School were found unavailable for study yesterday. A smell, the like of which never before greeted the nostrils of some of the students, filled the rooms and the office of Principal Smith, who, with a corps of women teachers, began to investigate. The principal was given an unobstructed way, as the smell was most blighting in his vicinity.

"It's limburger," yelled a young Gorman. Between the weather strips of all the windows cheese had been planted and it was found in the chinks of teachers' desks. A pretty young assistant asked the principal to search himself. He did and found a nice thin slice of the succulent cheese under his hat band.

MEXICAN SITUATION.

Administration Policy Said to Have
Been Successful.

President Wilson was told today by Dr. William Bayard Hale that the administration's policy in Mexico had been successful.

Describing himself as a "private citizen" who has had exceptional opportunities to study at first hand the effects of the President's attitude on the Mexican people and government in Mexico City, Dr. Hale went to the conference with the President shortly before noon.

The President was greatly gratified at what he learned from his personal investigator.

tion, except in a limited way. The railroads were not luckless. Their wires over cleared country stood the storm and trains ran on schedules. These made messenger service possible and brought stories of the storm. The wind was the longest and fiercest that ever visited Raleigh for a whole day, but no loss of man or animal has been reported. Slight damage to the State Agricultural Building was done by falling chimneys. The heavy rains threaten some of the railroad bridges. On the new road between Raleigh and Charlotte embankments have been washed away, but no trains have been wrecked.

Great forests in Southeastern North Carolina are blown down and at Goldsboro fire attended the wind and rain, but was stopped. Trains of the Norfolk-Southern Goldsboro and hauled late last night when the county bridge washed against the railroad's bridge and shook it from its foundation.

ALEXANDRIA ELKS ARE HOME AGAIN

Report They Had Delightful
Experience at State
Convention.

FOR STATE MONUMENT

Many Happy Incidents in Connection
With Gathering of Order in Richmond.

Richmond, Va., Sept. 4.—With a trip down the river in the afternoon and a dance at the home last night, and other form of jollification not set down on the program, but which came up on the spur of the moment, the seventh annual state convention of the Virginia Association of Elks ended yesterday, and today the visitors are flowing out to their various homes.

Officers for the ensuing year were elected yesterday morning, and the State convention unanimously decided on Petersburg as the next city for the convention. Danville and Charlottesville had been suggested, but the tide turned in favor of the Cockade City.

The officers elected are as follows: T. C. Conlon, Charlottesville, president; W. P. Baugh, Petersburg, first vice president; Michael Ward, Newport News, second vice president; J. P. Parker, Portsmouth, third vice president; W. C. Godsey, Petersburg, secretary; J. B. Billey, Norfolk, treasurer; the Rev. Edgar Carpenter, of Alexandria, chaplain, and B. F. Rogers, Norfolk, sergeant-at-arms.

After the election of officers, Max F. Linde, of Richmond, one of the most popular members of the association, was called forward and a handsome fruit bowl was presented to him on behalf of the State association. A magnificent Elk jewel was presented to W. Clifford Godsey, of Petersburg, the newly elected secretary.

(The Alexandria delegates returned home last night and say they were given a royal entertainment by the members of the Richmond lodge.)

COURTS NEXT WEEK.

Both the corporation and circuit courts for this city will convene Monday. It is expected that a grand jury may be asked for by Commonwealth's Attorney S. G. Brent at this time to consider a number of criminal cases now pending. There will not, however, be any grand jury the opening day of court.

WIFE REAPPEARS.

Husband Thought Her Buried Two
Years Ago.

New York, Sept. 4.—Casper Hartman, a saloonkeeper, at 239 Jefferson street, Brooklyn, was asleep early yesterday in his living room over the liquor store when a policeman aroused him. "I have a woman prisoner here," said the policeman, "who was arrested in Bushwick Park for vagrancy and says she is your wife. She gave the name of Mary Larson."

"It can't be," said Hartman: "I did have a wife whose maiden name was Mary Larson. We were married in 1891, but she left me two years ago, and I buried her last February."

"Come down and look her over," suggested the policeman.

Hartman complied. He was rendered temporarily speechless by the sight of the policeman's prisoner.

"That's my wife," he admitted, after a minute or two. "But how did she come to life? I saw her buried myself."

"You didn't bury me, but you collected my life insurance," said the woman. "I know all about it."

The woman was taken to Gates Avenue Police Court where Magistrate Walsh held her in \$20 bail for examination on a charge of vagrancy. The mayor ordered a police investigation into Hartman's story. The investigation showed that Hartman had told the truth.

Combo, Italy—Judge Paul Charlton, father of Porter Charlton, the young American uxoricide, said that he believed his son would be acquitted.

Surrender of Murderer.

St. Petersburg, Sept. 4.—Two thousand male inhabitants of the district surrounding Kutais, in the Russian Transcaucasian province of the same name, have been kept in prison since August 25, where they have been scantily fed, to force them to deliver to the authorities the murderer of a policeman.

Prince Gelovani, the member representing the district in the Duma, has protested to the Minister of the Interior against the cruel treatment of his constituents, who appealed to him by telegraph and an official investigation has been ordered.

Platform as Mother Sleeps.

Amsterdam, N. Y., Sept. 4.—Beatrice Pieper Hanks, aged 12 years, who was traveling with her mother, Mrs. Bert Hanks, and two little brothers, from Eureka, Utah, to North Adams, Mass., was found dead beside the New York Central tracks in this city, early yesterday.

While mother and boys were sleeping in their seats, Beatrice wandered to the vestibule platform and fell from the train.

How she got out is unknown, unless the door had been carelessly left open. Her disappearance was not discovered until Schenectady was reached and then search was made.

THAW RAISES LAW POINT.

And Exempt From Molestation.

Coaticook, Que., Sept. 4.—For two hours today Harry K. Thaw, fugitive from Matteawan, faced a special board of inquiry seeking to deport him from the Dominion under the immigration act, and pressed the point that he entered Canada as a tourist and as such was not amenable to deportation. The board agreed to "consider" his contention, and at noon adjourned until 2 o'clock.

WRIT REFUSED BY COURT OF APPEALS

Newell Walker, Charles
City Wife Murderer, in
Death Chamber.

GOVERNOR ONLY HOPE

Condemned Man Sentenced to Expiate
Crime in Electric Chair September
Fifteenth.

Richmond, Va., Sept. 4.—The Virginia Supreme Court of Appeals yesterday refused a writ of error in the case of Newell Walker, convicted for the murder of his young wife last May in Charles City county. The condemned man is now confined in the death chamber at the state penitentiary, and unless executive clemency is exercised, he will pay the extreme penalty on September 15. He is unaware that his last chance for a new trial has gone.

Although his attorneys had buoyed him up with the hope of a rehearing, Walker early after his incarceration in Henrico county jail, where he was brought following the trial for safekeeping, did not share their optimistic views, and continually spoke of his approaching death. He was apparently reconciled to his fate, but worried over the future of his three small children, who are now in the hands of neighbors.

While there is now no possibility of a new trial, Walker's attorneys will probably ask that a respite of thirty days be given their client on account of the short period in which he will have to prepare for death. There has never been any effort to secure a commutation of sentence, as the facts in the case clearly showed that the murder had been extremely brutal. That Walker was entitled to a new trial on statutory grounds was the plea of his attorneys.

Walker is twenty-eight years old, while the murdered woman was in her 24th year. The couple had been married for six years. Mrs. Walker was the daughter of a saw mill operator, while her husband was a wood chopper and farm hand. The couple had many quarrels, it is said, over money matters, and separated several months before the tragedy. Mrs. Walker left home, and it is claimed by her husband, refused to return to the children.

Walker met his wife in a corn field, and after begging her to return to him, pulled out a razor and severed her head from the body. The crime was committed in the presence of several persons, and after washing his hands Walker calmly surrendered to the sheriff. He was brought to Henrico jail on July 4, and in accordance with the law, was taken to the penitentiary last Saturday night.

Governor Mann returned to this city last night and it is probable that he will be asked to give Walker a respite within the next few days.

MOB IN RAZOR BATTLE.

Sailor, Who Insulted Crowd, Almost
Cut to Ribbons.

Philadelphia, Sept. 4.—A score of policemen from the Nineteenth district were called out last night to quell a riot at Juniper and Rodman streets, when a sailor from the United States battleship Connecticut, was attacked, beaten and almost cut to strips by a crowd of men and boys living in the neighborhood. According to the police the sailor, who is a negro, insulted several of his race and in turn was knocked down, kicked and slashed in various parts of the body with razors. The sailor, who is Robert Lee, 22 years old, was taken to the Howard Hospital, where it was found that he had suffered painful cuts on the head, neck, back, arms and legs. He was later removed to his ship, where his condition is critical.

Number of Models Procured For Short of Those of Previous Years

The Gazette has repeatedly referred to the number of unlicensed dogs in the city. Last year there were issued 780 licenses, and even then it was said many evaded the tax. Two years ago, September 4, there had been issued 731. Today only 566 have been issued.

The auditor has prepared a list in alphabetical form of the names of residences of the 566 persons who have taken out the required license. This book is to be copied and used by the police force in rounding up the two hundred or more delinquents which can be found on most any square in the city.

These persons are not confined to the poor of our community, but many are well-to-do persons who in various ways try each year to evade this plain obligation of good citizenship—a debt that should be paid the same as a few rent or a meat or bread bill.

When these delinquents are hauled in the Police Court all kinds of excuses are made, notwithstanding each is familiar with the law.

Two Young Men Refused to Obey Police When Ordered to Move On

Most of the session of the Police Court this morning was consumed in the investigation of the case of Jas. Elliott and Ervin Mullen, young men who had been arrested for loitering on King street and contiguous thoroughfares at unseemly hours of the night.

For years people conducting business on King street have complained to the police of the custom of men—mostly young—who stand on the Opera House and other corners. It is alleged that ladies who are compelled to pass are annoyed at this procedure, and the police have orders to stop loitering on the streets, especially at late hours of the night, when such offenders can give no good reason why they are not at home with their families, as some of them have wives and babies.

Officer Kerns on Monday night arrested Elliott, and yesterday took Mullen in charge, the latter having ran away from the place Monday night.

Elliott was represented by Lewis H. Machen when the case was called this morning. Officer Kerns repeated the statement he made Tuesday that Elliott and his companion were on the streets nearly every night seemingly watching the police and with the intention of thwarting them should a raid on some law defying gang be contemplated. When arrested he had taken a seat in front of the southeast corner of King and Pitt streets, the proprietor which had complained to the police of loitering on his premises.

Chief Goods, Sergeant Wilkinson and Officer Ferguson substantiated the testimony of Officer Kerns.

After an exhaustive examination of witnesses, by counsel and the presiding justice, a fine of five dollars was assessed against each.

Ervin Mullen and James Elliott, charged with loitering on street corners at unseemly hours of the night, were fined \$5 each.

Game Warden Payne to Walk Quarter Deck in Future.

A. J. Payne, of Fairfax county, who confines his activities to the territory lying along the Potomac river, has purchased the power boat Skibo, and in future promises to prove a terror to those hunting or fishing illegally on the river between this city and Mount Vernon.

The Skibo is a fleet craft, and when the Warden appears in the wake of Nimrods bent upon violating the game laws, they had better follow the example of Capt. Scott's coon by "coming down."

Wizard Triangle Polish Mop and Wizard Polish \$2.25 Value for \$1.50

The regular price of the Mop is \$1.25—of a quart of Wizard Polish, \$1.00—a total of \$2.25. For a limited time the manufacturer has arranged with us for the distribution of both Mop and Polish for \$1.50.

The Wizard Mop "gets-in-the-corners." The triangle shape does it. No stooping—no back breaking exercise—no kneeling—no discomfort whatever. The long, strong light handle reaches everywhere—from the remotest corners to the tops of doors and mouldings. All done while you stand.

The Wizard Polish is fine enough for your piano, yet cheap enough to use on the floors. It dries instantly, leaving a clean, hard polished surface—the original polish renewed and beautified to an unusual degree. When used on the Wizard Mop it is wonderfully effective.

And now this great "gets-in-the-corners" Triangle Mop and a quart of Wizard Polish—a full year's supply as an introductory offering, \$1.50 Regularly, \$2.25.

COMMONWEALTH BANK.

Full Inventory and Statement to be Prepared.

Richmond, Va., Sept. 4.—The Commonwealth Bank, according to a report of its receivers, filed yesterday in the Chancery Court, is the owner of a large number of notes which has discounted for its customers. Some of these, the receivers report, are for fairly large amounts, but the majority are in comparatively small amounts, and made out and endorsed by persons of very limited means.

Among the makers of these notes, it is stated, are a large number who have deposits in the bank. In their report to the court yesterday, the receivers asked for a ruling on the right to set off the amount of such deposits against the notes. Judge Moncure entered a vacation order yesterday ruling on this point as follows:

"The court instructs the receivers that in all cases where persons have balances to their credit on deposit with the defendant bank of its branches they shall allow a set off of the said balance against any obligation or discounted paper due by such depositors of the defendant bank, giving care in each case that the balance on deposit and the obligation is one of mutual debit and credit."

Judge Moncure approved the report of the American Audit Company employed to prepare immediately full inventory and statement of the bank's affairs.

ODD FELLOWS' DAY AT FAIR.

Richmond, Sept. 4.—Virginia Odd Fellows will have a special day at the State Fair next month, it was determined last night. Grand Master William E. Allen, of Covington, came here yesterday and held a conference with local leaders of the order, and a committee was appointed to make plans and arrangements for the big day. It was given full power to act and will begin negotiations at once. It was determined to erect a large tent or booth at the Fair Grounds and to fit it up as a rest room for the convenience of visiting Odd Fellows.

Grand Secretary E. P. Turner will make it his headquarters and welcome strangers. He will be assisted by local reception committee.

On Odd Fellows' day it is planned to have some special features. All members of the order will be given a badge to wear, and there will be speaking by several prominent men, at least one night during the week there will be degree work put on by first rate drill team.

There are about 30,000 members of the I. O. O. F., in this state, and about 9,000 Rebekahs, the women's auxiliary. Invitations and a program will be mailed to each of these by the grand secretary. Each lodge in the state will also be instructed to give members notice of the affair and to urge them to attend.

The committee to perfect the arrangements consists of M. B. Ferguson, grand treasurer, chairman; E. P. Turner, grand secretary; Charles Kohlg, Otis H. Russell, Thomas Kendall, H. M. Rheinhardt and John T. Saunders.

PROTEST AGAINST LIQUOR.

Albemarle Baptist Association Adopts Series of Resolutions.

Charlottesville, Va., Sept. 4.—Resolutions condemning the sale of liquor at the State fair grounds were adopted at a meeting of the Albemarle Baptist Association, held recently. After citing the conditions existing there, the association resolved:

First, That we record our earnest, and most emphatic protest to the contemplated action of "The State Fair."

Second, That we call upon our people who would preserve their loyalty to the teachings of morality and religion, to take no part in said fair, either by their presence or other form of patronage, unless the directors shall respect and heed the ethical and religious convictions of a multitude of the best citizens of the State, who unequivocally condemn and repudiate the short-sighted and disgraceful policy of the open barroom on the fair grounds.

Third, That a copy of this, our protest and appeal, be forwarded by the clerk of the association to the secretary of "The State Fair," the Charlottesville Daily Progress, The Times Dispatch, The Richmond Virginian, and The Religious Herald.

VIRGINIA SCHOOLS.

High Schools Increase in Number And Efficiency—School Property Valued at Nine Million.

Richmond, Sept. 4.—J. H. Binford, of the Co-operative Education Association, has pointed out some evidences of the remarkable growth of the public school system of Virginia as contained in the recently published report of the State department of education.

"Numerous items showing this growth can be found in the report," said Mr. Binford and he showed the following list compiled by him:

In 1900 the school property of the State was valued at only three and one-half millions of dollars; in 1911 this sum had grown to nine millions. In the year 1900 there were 1160 log school houses in the State only 384 of such structures now remain.

In 1900 there were less than fifty high schools in the State. In 1911 there were 434, with 16,000 students doing high school work.

Our public schools in 1911 had an enrollment of 409,397, with an average daily attendance of sixty-four per cent of this enrollment.

Out of 10,680 teachers in the State only 1,925 are men.

The State spends \$31,000 a year on its agricultural high schools. There are ten of these schools, one in each congressional district.

In the year 1911 one million and twenty thousand dollars was spent for new buildings, while three millions was paid to the teachers of the State in salaries.

"These facts," he said, "with many others contained in the report show the increasing interest of the people in public education. Yet, when it is considered that our school term is only six months and eighteen days, that many of the teachers are paid less than forty dollars a month, and that a large number of our smaller country school buildings are a menace to the health of the pupils, we realize that he have only begun on the great work of educating the rising generation."

Doctor Crushed Under Auto.

Staunton, Va., Sept. 4.—Dr. W. B. Dodge, a physician of Stuarts Draft, returning over a rough road from visiting a patient, was thrown from his automobile when struck a ditch, and the machine turned over, pinning him down. His face and back were badly bruised, and his right shoulder was dislocated. While a messenger was going for a doctor, a young man, under Dr. Dodge's directions succeeded in pulling his shoulder in place.

MAN HELD FOR ARSON.

W. S. Price is Charged With Burning Hotel for Insurance.

Elkins, W. Va., Sept. 4.—Charged with setting fire to the Grand View Hotel, at Gladys, in March, 1912, for the purpose of collecting insurance on the building, W. S. Price, of Ellington, was held yesterday under \$10,000 bond to await the action of the grand jury. He was unable to furnish bail and was remanded to jail.

The case against Price was worked up by the State Fire Marshal's Department, a confession having been obtained from Nelson J. Hall, who, it is alleged, was a party to the crime and who now lives in Akron, Ohio.

COST OF WAR WITH MEXICO.

Major Hemphill, Washington cor-
respondent of the Philadelphia Public
Ledger, has gotten together some
very interesting data bearing on our
last war with Mexico. In a letter ap-
pearing in Friday's issue of the Ledger,
he says:

"The war lasted within a few days
of two years. First and last, 100,000
Americans were engaged in Mexico.
The Northern States furnished 22,136
volunteers and the Southern States
43,213. The Northerners generally
enlisted for the war; the Southerners
for one year or less term. Twenty
thousand men lost their lives. More
died of disease than were killed in
battle; one authority reckoned that
the proportion was about 5 to 1. It
was stated in a speech delivered in
Congress that the number of men dis-
charged on account of sickness or dis-
ability was at the rate of about 80
per cent a year. Multitudes of the
Mexicans perished. In two years not
less than 40,000 lives were sacrificed
on both sides. The climate was
against the soldiers of both armies
in the field—the climate has not
changed. Is it any wonder that the
President should prefer to settle the
present disturbed conditions in Mex-
ico by peaceable rather than warlike
means? This is the human side of
the war with Mexico. There is an-
other side—the business side. The
direct expenditures on account of this
war amounted to \$106,258,000. This,
said Mr. Livermore, is the sum of the
positive expenditures, independent of
the endless array of bounties, pen-
sions and claims which will now pour
like the Gulf Stream into Congress.
The indirect expenditures amounted
to fully as much as the direct ex-
penditures so that this war cost the
United States directly and indi-
rectly, at a moderate computation,
\$200,000,000, and it cost Mexico, di-
rectly and indirectly, an equal sum.
Beside the loss of life and the de-
struction of property, there were
crimes committed by the invading
American army that can be compared
only to the most horrible atrocities
in the Balkans."

MOSQUITOES ARE ACTIVE.

The last days of August and the
first few days in September bring
mosquitoes, and about dusk, pur-
suing present humid conditions, the tan-
talizing notes of the tiny but voraci-
ous insect can be heard. They are,
of course, more numerous near the
river, but they make their presence
known in other places also.

There are all sorts of charges laid
to the door of the mosquito. Many
persons believe it spreads malaria,
and in some countries it is believed
to cause yellow fever. It is difficult
to swat them and about the best

means of keeping them at a distance
is the free use of citronella.

The mosquitoes which serenade so
many sleepers hereabouts, are not
dangerous. There are some malaria
mosquitoes along the eastern marshes,
but they do not travel far. Most of
the mosquitoes pestering Alexandrian-
ians are sewer-bred insects, which
might be exterminated in a large part
before they did any damage if pre-
cautions were used.

The first thing is to search the
premises to see if there are any open
sewer traps about. If there are, they
should be soaked with kerosene. If
there are any nails, bottles or pans
around containing water they should
be emptied.

Even a small amount of water will
make a breeding place for very many
mosquitoes.

WOMAN AND CHILD SLAIN.

Husband and Father.**

Fremont, Neb., Sept. 4.—The wife
and two-year-old son of Rasmus Pet-
ersen were murdered in their home

The authorities are searching for
Peterson and have bloodhounds on
his trail. Peterson and his wife sepa-
rated a few weeks ago, and he went
to Minnesota, but returned this week
and is said to have made efforts to ef-
fect a reconciliation. He is thirty
years old and his wife twenty-eight.

"GETS-IT" IS A WONDER FOR CORNS

No Fuss. No Pain. Sure and Quick. Nothing Like It. "Gets-It" Them Every Time.

You never used anything like "GETS-IT" for corns, before! Your sure at least that every stubborn corn that

you've tried so long to get rid of is a "goner." You apply "GETS-IT" in 2 seconds that's all. "GETS-IT" does the rest. There's no more fussing, no more bandages to fix, no more salves to turn the flesh red and raw. No more plasters to get misplaced and press on the corn. No more "pullin'", no more pain, no more picking and gouging, no more razors.

"GETS-IT" stops pain, shrivels up the corn, and the corn vanishes. "GETS-IT" never fails, is harmless to healthy flesh. Warts, calluses and bunions disappear.

NEWS OF THE DAY.

Miss Emma Clark was killed and her mother, Mrs. Carrie Clark, widow of Benjamin Clark, severely injured, yesterday near Leonardtown, Md., when the buggy in which they were riding collided with a motortruck owned by the Xavarian Brothers.

Charged with an attempted criminal assault upon Mabel Abel, the 3-year-old daughter of Walter Abel, of Vancleaveville, W. Va., Harry Simpson, a farmer, was arrested and locked up in jail pending a hearing.

Charles Sing, a wealthy Chinatown cafe owner, and his white wife, aged 24 years, were beaten and stabbed early yesterday in their home. Sing died later. The woman's condition is critical. That the merchant was slain by white men living in the vicinity because he married a white woman, or that he was the victim of a tong fight, are the theories upon which the police are working.

Two men were almost instantly killed and three buildings completely wrecked by an explosion in one of the buildings of the King Powder Mills yesterday at Kings Mills, Ohio.

A brilliant ante-nuptial banquet was held yesterday at Signarangen, Germany in connection with the marriage of ex-King Manuel, of Portugal and Princess Augustine Victoria of Hohenzollern, which was performed today by Cardinal Netto, former Archbishop Patriarch of Lisbon.

John Martin, former United States senator from Kansas died yesterday at his home at Topeka, after an illness of nine weeks.

HORRORS OF BALKAN WAR.

Soldiers Tell of Unnecessary Bloodshed and Inhumanity.

In order to prove that Greek soldiers were responsible for numerous atrocities against the Bulgarians in the fighting last July between Bulgaria and her former allies, Greece, Serbia, and Montenegro, there have been made public in Sofia extracts from letters written by Greek soldiers and officers to friends at home.

These letters were captured in a mail bag of the Nineteenth regiment of the Seventh Greek Division by Bulgarian troops in the vicinity of Razlog. They were given out by the Bulgarian telegraphic agency in pamphlet form. Each letter is printed in fac simile in the original Greek, and is followed by a translation in French, which gives the dates and the names signed to each communication.

The first letter is dated July 11, and the last July 15. Extracts from some of these communications of Greek soldiers and officers follow:

"We have burned all the villages abandoned by the Bulgarians. They burned the Greek villages, and we the Bulgarian villages. They massacred, we massacred, and the massacrer has operated against every member of this dishonest nation who has fallen into our hands. Out of 1,200 prisoners that we took at Negrita, only 41 remained in prison and every where we went we left no root of this race."

The letters tell of incendiarism, wanton murders and cruelties.

WOULD SEIZE MANUEL'S GIFT.

Republicans of Portugal Plan to Seize Presents Made For Bride.

London, Sept. 4.—Republican extremists in Portugal are plotting to embarrass the deposed King Manuel by seizing the presents which he is having made in Lisbon for Princess Augustine Victoria of Hohenzollern, who will become his bride today according to the Lisbon correspondent of the Daily Mail.

It is announced that Manuel proposes to have all of the wedding presents engraved "Manuel, King of Portugal," an act which has aroused resentment among the Republicans. The deposed king's presents to his bride is a diadem of platinum studded with 2,000 diamonds and emeralds.

The royalists in Lisbon are having a number of presents made inscribed to their "Kings." According to the Daily Mail the Carbonarios, a Republican secret society, has been on watch at places where the presents are being manufactured and the jewelers have requested the police to protect them, and to insure the removal of the presents in safety. It is said that steps were taken to send the gifts through one of the foreign legations, but the government objected.

BOILER EXPLODES; TWO HURT.

Men Scalded in Accident in Canning Factory.

Centerville, Md., Sept. 4.—Two men were scalded and an engine house wrecked by an explosion yesterday morning of a boiler in a canning factory at Millington, Md. Richard Mowrey, who was firing the boiler, and John Bowman, who was working near the engine room, were scalded by escaping steam and cut by bits of iron giron. The boiler was hurled 50 feet.

Mr. Bowman was carried to his home. Mr. Mowrey sought to clean his hands and face of coal dust, but pieces of flesh dropped off and Dr. Jacobs ordered him placed upon a train and carried to Delaware Hospital, at Wilmington. Both are expected to recover.

Smoked And Sang With Arm off.

Winsted, Conn., Sept. 4.—His right arm taken off below the elbow by a train at Canaan, Charles Padelford, a member of the Winsted fire department and driver of the motor truck of the Empire Knife Company, smoked a cigar and sang "Blue Eyes" while being brought on a stretcher by train to the County Hospital here.

Padelford, who has been on a vacation trip, stumbled in attempting to board a moving train and his arm went under the wheels. The first question he asked his surgeon was whether he could be fixed up so as to drive the automobile truck. He was told that with the aid of a hook he could do so.

NOVEL PUNISHMENT.

Pugilistic Police of Pittsburgh to Tame Wife Beaters.

Pittsburgh, Sept. 4.—That they may have a taste of their own medicine, six-fold, wife-beaters of the North Side will in the future be compelled to go up against "the wife-beaters squad," a sextette of brawny cops selected by Captain Robert Gray, to attend to all cases of wife-beating that come before the North Side police. Any man convicted of wife-beating will be compelled to go one round with each of the cops, otherwise he will be given the full limit of the law in imprisonment in each case.

Captain Gray, who is something of a philosopher, says that the number of cases of wife-beating is greatly on the increase, and that some means of corporal punishment, the same as the wife-beaters themselves inflict, must be brought into use on these brutes if the practice is to be stopped.

BRANDS MODEL TOWN.

Steel Village Declared to Oudo Sodom and Gomorrah.

Sharon, Pa., Sept. 4.—Declaring that Farrell, a model town founded by the United States Steel Corporation and named after President Farrell of that institution, was the most unholiest town in the world, Rev. S. A. Renicks pastor of the Baptist Church of that place, today resigned his position as pastor. He declares that Sodom and Gomorrah, in their worst days, must have been righteous in comparison with Farrell.

"Farrell deserves to feel the wrath of the Lord for her unrighteousness, and if there is not a change for the better soon some great calamity is bound to overtake the town," said Renicks today.

Renicks came to Farrell from Springfield, O., two years ago and he has since been constantly fighting the forces of evil in the thriving mill town. The dauntless minister caused a sensation some time ago when he refused to permit members of his church to attend a church fair and social, declaring "gambling was gambling, no matter where or how carried on."

THREW ROSES AT KAISER.

American Woman's Action at Berlin Throws Police Into a Panic.

Berlin, Sept. 4.—The Berlin police yesterday morning completed twenty-four hours of feverish investigations and examinations, all brought about because an American woman threw a bouquet of roses from a window of a hotel as Emperor William was passing Tuesday on his way to military maneuvers at Tempelhof Field. The bouquet bore a ticket inscribed, "To the Great German Emperor."

The police were greatly exercised because of the unusual actions of the woman who wore across her breast a huge placard bearing the words "40,000 days." They promptly arrested her and required her to go to a police station and establish her identity.

She declared that her placard indicated merely her belief that the world would be changed in 40,000 days. The police today declined to make her name public.

WINS WITH WOMAN JURY.

Handsome Man Gets Judgment Against Elderly One.

Chicago, Sept. 4.—The first women jury in Joliet since they obtained the suffrage was impaneled yesterday and returned a judgment of \$20 in favor of George Martin against John Vargo.

Martin is young, handsome and a bachelor. Vargo is old, not so handsome and married. All the female jurors were unmarried, except one, who held out for Vargo until the rest threatened to tell her husband. During the trial a recess was called to allow the jury to refresh themselves with ice cream sodas. Following their verdict Martin presented each juror with a box of candy. None was over 23 and all are pretty.

LIVES AFTER 400-FOOT DROP.

Judge Spellman Fell With Aviator Schmidt, Who Was Killed.

Rutland, Vt., Sept. 4.—Judge J. Dwyer Spellman, who was a passenger with Aviator George Schmidt when the latter's aeroplane plunged to earth at the Rutland fair, Tuesday, killing the pilot, is practically assured of recovery, physicians at the Rutland Hospital say. Although Judge Spellman was caught in the machine just as Schmidt was, he escaped without a broken bone after the 400-foot drop. Burns, which he received when his clothing caught fire, were his principal injuries.

Young Schmidt, who, although only 23 years old, had been flying five years, had promised his mother that he would give up flying on September 4, his birthday. Both his mother and father saw him fall to his death.

SOCIETY WOMAN IN JAIL.

Arrested on Charge of Attempted Blackmail in Threats to Take Girl's Fiance.

Cleveland, O., Sept. 4.—Arrested at her home at midnight and brought to the Cleveland early yesterday morning, Mrs. Margaret A. Carter, Elyria, (Ohio), society woman, is confined in the county jail charged by Federal authorities with using the mails to defraud. It alleges that she wrote Miss Lillian Huntington, daughter of W. R. Huntington, retired business man, asking for \$3,000 under pain of having her fiance, a young Cleveland clubman, taken from her.

On being taken before United States Commissioner Daoust, Mrs. Carter pleaded not guilty. The hearing was continued until September 5 and bail set at \$10,000 which was not furnished.

In the letter she is alleged to have represented herself as a young woman Miss Huntington's fiance had promised to marry, suggesting that if the Elyria society girl wants the young man she must pay the stipulated sum or the writer will take him herself.

Miss Huntington is the granddaughter of John Huntington, wealthy Cleveland, who on his death left \$1,000,000 for an art museum now being constructed. Mrs. Carter, 50 years old, is the wife of a retired tobacco manufacturer and has moved in the best circles in Elyria. She maintains her innocence.

The letter addressed to Miss Huntington was signed "Miss Rose." Assistant United States District Attorney Alburt says that she received another and more threatening letter over the same signature. He added: "Miss Huntington is not the only person thus approached. Over a dozen persons in Elyria, Cleveland and other northern Ohio towns have received threatening letters with the intent of extorting money. The handwriting in all these cases agrees."

Miss Huntington, figured in the news two years ago. While a student at Briar Cliff School, New York, she accompanied her mother on a trip to Asheville, N. C., and eloped with Dwight Dawley, son of a furniture manufacturer of Wheeling, W. Va. Later Mrs. Huntington took her daughter to Elyria and subsequently a divorce was obtained.

NEW DRYDOCK FOR NORFOLK.

Naval Board of Inspection Thinks One Is Needed.

Washington, Sept. 4.—The immediate construction of an additional drydock for the Norfolk navy yard is urged in the reports of the board of inspection for shore stations that have been filed with the Secretary of the Navy.

The reports cover the 10 Eastern and Gulf yards. They are: Norfolk, Boston, New York, Philadelphia, Charlestown, Port Royal, Key West, Pensacola and New Orleans.

The board of inspection was established last February for the purpose of inspecting the various naval stations and recommending improvements.

Improvements and developments at Norfolk are essential to the best efficiency of the navy, according to the report made on the Norfolk station. Recommendations were also made that greater attention be paid to Norfolk with the idea of developing it as a supply station.

Baltimore, Sept. 4.—Stricken with acute indigestion, Rev. William M. Ferguson, pastor of Harford Avenue Methodist Episcopal Church, died suddenly last night while visiting at the home of William H. Baker, in Libertytown, near Frederick.

He entered the ministry in 1869 and filled some of the best pulpits in the district, he was presiding elder for the district for several years.

He was 64 years of age, his birthday having occurred only a few days ago. He is survived by his wife and one son, Rev. Lytleton M. Ferguson, pastor of Lincoln Avenue Church, Washington, D. C., and two daughters, Mrs. William G. Hynes and Miss Cora Ferguson.
